Milling Section

Capability 3 Axis Machining & up to 2200mm X-Axis 1700mm Y-Axis 750mm Z-Axis

- Hurco DCX22i CNC/3-Axis/Double Column Machining. x1
- Hurco VM30i CNC VMC x9
- Hurco VM10i VM CNC x1

Turning Section

Capability up to 450mm diameter

- Mazak Nexus 250MS-2 Twin Spindle with Bar-feed
- Mazak 250m Magazine Bar-feed
- Mazak 200m Live Tooling/Magazine Bar-feed
- Cincinnati Hawk 200m-C Axis/Live Tooling/Magazine Bar-feed x2
- Hurco TMM8 C-Axis/Live Tooling/Magazine Bar-feed
- Hurco TM10 CNC Lathe-Magazine Bar-feed x2

Routing Section

Capability 3200mm X-Axis 2100mm Y-Axis 200mm Z-Axis

- CNC Dynamics Router-Tool-changer 3200 x 2100 MTR Table
- Sanding-master 3000 - 900mm wide sanding capacity
- StartRite Band Saw

Welding Section

- Spot Welder
- ISM Induction Brazing Machine
- Induction Welding Machine
- Kemppi Fast Mig 400 Amp x3
- Kemppi Master Tig 300 Amp ACDC x2

Various

We also have manual machines including;

- Jones and Shipman Grinders
- AGME C-150 Spot Riveter
- Bridgeport Turret Mill x3
- Colchester Master 3250 Lathe
- Butler 12" Slotter

Inspection

- Full inspection facilities including Mitutoyo Co-ordinate Measuring Machine
- P3000 Pro Pen – tractability and identification

Additional Services

- Paint and varnish coating facilities
- Sub-assembly and adhesive bonding
